

developer using cucumber  
goal

```
graph TD; A([developer using cucumber goal]) --> B([publish a list of steps for my application goal]);
```

A flowchart with two ovals. The top oval contains the text 'developer using cucumber goal'. A vertical arrow points from the bottom of this oval to the top of a second oval below it. The second oval contains the text 'publish a list of steps for my application goal'.

publish a list of steps for my application  
goal
